

Learn to Sew and Mend

Dates: 11/05/2026

Locations: Amberley Road Centre

Get creative, and be inspired on this 8 week textiles course which will show you how to upcycle and renew an existing piece of clothing or you can create new pieces using recycled fabrics. You will learn a range of sewing skills so you can continue upcycling at home. Come and connect with others and improve your textile skills. This community course is free.

Entry Requirements

This course is suitable for beginners. Please speak to a member of the Community Team before enrolling.

What topics does the course cover?

You will learn a range of skills, from design and drawing, basic pattern cutting, through to needle craft, machine work and hand stitching to complete the finished piece for you to take home.

How will I be taught and assessed?

Classroom based learning. Continual support and guidance will be provided throughout the session.

Are there any other costs or equipment I need to get?

There are no fees attached.

By the end of the course what should I be able to do?

Your teacher will advise you on the best next course for you.

What are the progression opportunities following this course?

If you have enjoyed this course then you will enjoy the other variety of courses that are on offer at the WAES website.
